ALBANY MED Health System

Comprehensive Care Across Our Region

Our teams across the Albany Med Health System treat the physical and emotional needs of people of all ages, from basic obstetrical and gynecological care, to urinary incontinence evaluation, gynecologic oncology, and more. We offer comprehensive diagnostic and treatment options and a full range of general gynecological services, from yearly examinations to highly specialized procedures.

We value providing the highest quality of care, promoting meaningful learning by advances in education and research, and respectful collaboration in all that we do.

Care is provided through Albany Medical Center, Columbia Memorial Health, Glens Falls Hospital, and Saratoga Hospital. **See the *Get Care* section of this page for providers and locations.**
